Think about it. What circumstance or event caused you to think about the highest power in your life? Was it an auto accident? Was it a health issue? Was it a death in the family? Was it a world event? Hopefully that highest power is our Triune God.

Sometimes we get connected because of an unusual event or circumstance. Then there is a disconnect for a while until something else happens to get our attention again.

This retreat will focus on “Getting and Staying Connected to God” looking at God’s Word and following the examples given by Jesus.

Sign up, show up, and bring a friend and your Bible. Your early registration will help us prepare enough food and materials. Thank you!
